

# Get Workforce Dimensions payroll testing right!

Rest easy knowing that all the test cases you rely on are being run with every Workforce Dimensions release.

## Automated testing you can count on.

It's your responsibility to ensure your employees get paid accurately and on time. But, if you're not sure exactly what was tested, aren't you leaving a lot to chance? Isn't it time you had the visibility and transparency you need to know you're prepared?

## See exactly what's been tested.

TestAssure gives you confidence that Workforce Dimensions is always accurate, so you know your employees are getting paid correctly. Straightforward reports with drill-downs provide you with visibility and insight into the tests that are run, so you will always know exactly what has been tested.

## Test everything now.

In the past, manually validating your Workforce Dimensions system required tremendous time and effort. With TestAssure, you can spare your team of that burden and run your full suite of tests in hours, not days.

## Respond at the speed of change.

TestAssure's easy-to-use interface makes setting up and rapidly launching automated test scenarios incredibly simple for your team so you can respond quickly to ever-changing policies and labor laws.

## Why TestAssure automated testing?

**Better** – Built specifically for Workforce Dimensions

**Faster** – Deliver automated testing today

**Proven** – Backed by 20+ years workforce management testing experience

## Backed by the ONLY Workforce Dimensions Automated Testing Partner.

Our cloud-based service is maintained in lock-step with Workforce Dimensions. Every time Kronos issues a release, we automatically update TestAssure, allowing your team to always be ready to test system upgrades. No other testing solution can do that.

*“TestAssure gave me the confidence I needed to approve releases, because not only did I know that all our tests had run and passed, but I was able to fully understand exactly what my team was testing.”*

*Director of Payroll  
Fortune 100 Organization*

**Stay ahead of Workforce Dimensions updates and deliver quality! Everytime!**
